

OPTIMUM7

A DIGITAL MARKETING AND TECHNOLOGY COMPANY

IT'S OUR MISSION TO BE AN INDISPENSIBLE RESOURCE FOR YOUR BUSINESS.

Whether you hire us as a full-service partner or as a guide for your team, we're here to help you attract more qualified prospects, convert more leads and close more sales with comprehensive marketing strategies and custom ecommerce development.

When you attract the right people, appeal to their wants and needs, cultivate their interest and guide them through the sales process, you'll build a strong customer base that retains old customers and charms new ones.

ABOUT US

OUR INDUSTRY, OUR COMPANY & WHO WE ARE

OUR INDUSTRY

When Optimum7 opened in 2007, Google's organic search algorithm was still in its infancy. It was common for agencies to try and "game" the system to rank in results. But those days are long gone — and good riddance, we say! SEO is now just one small part of a successful marketing strategy. It lets search engines know what your site is about — making it easier for people to find you. The real key lies in creating exceptional customer experiences.

ABOUT OPTIMUM7

a digital marketing and technology company

We love what we do.

We're always looking for better ways to implement new ideas in an industry that's always changing.

PASSION

INTEGRITY

Honesty is the best policy.

We tell you what you need to know, even if it may not be what you want to hear.

DIRECTION

Guiding you along the way.

We see ourselves as an extension of your business and help you make decisions that foster growth.

Optimum7 has experienced strong and uninterrupted growth since the company's inception.

Our longest-running client relationship has been going strong for all 8 years we've been in business!

MORE ABOUT OUR COMPANY

Our mission is to be an indispensable resource as a provider of online custom marketing and technology solutions.

ARTHUR COOPER

President & CEO

President & CEO

About Arthur

Arthur's title speaks of executive responsibility (and there's plenty of that), but if you asked him to describe his main role at Optimum7, he would tell you two things — to generate new accounts and to lead, mentor and otherwise guide the team based on his four decades of experience in sales and marketing.

While Arthur spends most of time devoted to the growth of the company, he spends his spare time pursuing his interest in investments, completing crossword puzzles and putting around the golf course.

DURAN INCI

Co-Founder & COO

Co-Founder & COO

About Duran

Anyone who knows Duran can see that he leads the Optimum7 team with vision. Through his hands-on approach, he's able to set clear goals, establish priorities, allocate resources and maintain operational excellence.

A technophile at heart, Duran's enthusiasm for new technology motivates the team to be creative and embrace change while keeping Optimum7's clients competitive and profitable.

Even with all he has to do, Duran still finds time to practice flamenco guitar, pal around with his dog, Puffy, and play competitive sports like soccer, tennis and basketball.

FUN FACTS

do you know this side of us?

Yes, we have an office mascot!
His name is Puffy the Pomeranian. Aww!

Sometimes, we like to get out of the office and do something fun — like bowling.

The longest commute is 53.0 miles...
one way! The shortest is less than 2 miles.

Birthdays are a big deal in the office and you can definitely expect cake.

We have pizza delivered to our office every Wednesday. Yum!

Our team comes from all over the world, but we still have a lot in common.

OUR TESTIMONIALS

what our clients say about us

While prices and personalities varied greatly between Volusion partners, I felt Optimum7 had "all the right stuff" to get the job done as expected and without any issues. Now that the project is finished, I must say I'm so thankful that I chose Optimum7. The project was executed quickly, I was kept in the loop all the way through via their project management system. They even added a functionality "wish" of mine that I mentioned because they still had a bit of time left over from the initial quoted hours. That doesn't only show me that they are honest on their timing but that they love to make their clients overjoyed. And overjoyed I was! I am no longer missing the functionality my competitors have!

We are in the process of designing two new e-commerce sites with Volusion and contacted Optimum7 to develop a custom API that would allow us to do forced minimums for our wholesale customers. Of all of the companies I contacted about this project, Optimum 7 was the most helpful answering all of my questions up front and seemed the most knowledgeable about the Volusion platform. The entire process of doing business with them was very easy and professional and they were able to deliver what they promised on time and on budget. We look forward to discussing additional projects and integrations with them in the near future.

To the entire Optimum7 team – I want to deeply thank you for your persistence, your imagination and your efforts. You had taken on a task, and you were simply not willing to give up on it. As you have noted, the task is never completed. But we have reached a stage that lets us know that it has been worthwhile. We can only expect even better results in the future that should translate into a more successful Arlyn Scales. Hopefully, that will also reflect back to continuing success for Optimum7.

SEO & CONTENT MARKETING

AN OPTIMUM7 SERVICE

SEO & CONTENT MARKETING

how we do it

Content marketing and search engine optimization (SEO) are long-term processes that allow companies to build authority online for a specific niche — their mission, services or products — which makes it possible to rank on major search engines for targeted keywords. Both require a thorough and advanced execution strategy including content management system (CMS) setup, advanced competitive research, an editorial calendar, authority optimization and backlink building.

ANALYSIS

A successful content marketing strategy requires constant review and analysis. How visible are they? What's the potential for growth? How are their competitors doing? These questions will shape our long-term strategy.

RESEARCH

Making a list of all competitors, identifying their strengths and weaknesses, analyzing how to reach the target audience, researching potential products or services and researching the platform helps us improve the ROI of our campaigns.

OPTIMIZATION

To monitor and improve a strategy's performance, data must be collected, analyzed and optimized. We look at metrics like average time on site, bounce rates and conversion rates to identify areas of promise and polish the strategy.

BACKLINKS

Promoting the content you create is as essential as the quality of the content itself. We choose the channels with the highest potential for a particular business. These include social media, sponsorships, donations, press coverage and more.

PAID SEARCH (PPC)

AN OPTIMUM7 SERVICE

SPONSORED SEARCH (PPC)

3 keys to success

Pay per click (PPC) is an internet advertising model where advertisers only pay when their ad is actually clicked. For example, a general term like “printer ink” is very competitive, making it difficult to come out on top. Something more specific, like “Epson R1800 ink cartridge,” may not be as competitive, which means you’ll get to the top much easier. And because you’re targeting a group of searchers looking for something that specific, you’ll also be more likely to receive clicks.

Ad Copy. This is the first thing people will see, which is why it must be enticing, targeted and relevant to the product. Poor ad copy gets less interest from people, resulting in a low click through rate (CTR). This affects the ad quality score and increases the cost per click.

Landing Pages. Paid traffic should never be sent to the homepage. People are more likely to go back to their search results than perform another search on your site. A targeted landing page based on the ads will let people know they’ve come to the right place and increase your conversion rates.

Conversion Rates and Testing. The strategy’s success relies on high conversion rates, low cost per click and low cost per acquisition / lead. The ads and landing pages must constantly be evaluated and optimized to improve conversions and overall ad quality scores.

PAID SEARCH (PPC)

how we do it

1

IDEA

What will appeal to your target audience & get them to buy?

2

CONCEPT

How will we funnel them toward a conversion?

3

DESIGN

Write ad text, design banners, write & design a landing page.

4

DEVELOP

Set up the campaign in Google AdWords with trackable goals.

5

LAUNCH

Run the campaign and track its performance. Are we getting leads?

6

OPTIMIZE

Analyze results and tweak copy to increase conversion rate.

CUSTOM PROGRAMMING AND DEVELOPMENT

AN OPTIMUM7 SERVICE

EFFICIENT & PROFITABLE

Popular ecommerce systems and tools don't always provide the specific functionalities businesses need to operate their digital and local stores. We can customize ecommerce and inventory management systems, CRMs, CMSs, POSs and even accounting software to improve efficiency and profitability.

SYSTEM INTEGRATIONS

any platform + any service

The average small business uses over 10 different systems: accounting and payroll software, inventory management software, website systems and code, shipping software, receiving software, customer relationship software, email software...

What happens when they all need to work together?

You could waste time and energy switching between them, or you could hire Optimum7 to develop a single, centralized system that improves communication between multiple locations, warehouses and suppliers as well as your ecommerce and retail stores.

WORDPRESS

customizations + integrations

As the only CMS recognized by Google,

WordPress powers over 74 million websites. It's also efficient and scalable, which is why we always recommend that non-commercial sites use this platform.

We've built hundreds of custom WP sites for universities, lawyers, accountants, realtors and many other businesses.

Our design and development team can create any view, functionality or integration while staying true to your brand.

eCommerce

sales | lead gen | b2b

The volume for ecommerce retailers in the US was nearly **\$500 billion** in 2014.

eCommerce volume for B2Bs is expected to top *\$1 trillion* by 2020 (Source: Forbes). If your business isn't present or active online, you should seriously consider making the transition to ecommerce.

With over 13 years spent in ecommerce, **we've evolved** with the industry —

from basic Yahoo Stores to more complex Shopify and WooCommerce. Our understanding of business, technology, functionality and UX can transform your ecommerce operation into a profitable source of leads and sales.

ECOMMERCE PLATFORM MIGRATION

WHEN YOU NEED TO SWITCH ECOMMERCE PLATFORMS.

How do you migrate years of customer, order, sales and financial data while keeping it intact? Since most ecommerce systems and their databases are structured differently, it can be a special kind of challenge.

- **Choose Any Platform**

Quickbooks, Microsoft RMS, Volusion, Magento, X-Cart, Shopify, Bigcommerce...we'll get your data where it needs to go.

- **API is the KEY**

It's always best if an API is present because it allows us to map fields for different tables faster and more efficiently.

- **What's Best for Your Business?**

Not sure which system you should migrate to? No problem! We're consultants too and can help you make the best choice.

VOLUSION

volusion premier experts and partners

Trust the Company Volusion Trusts

Volusion is a highly capable hosted ecommerce system with the tools you need to run a fully equipped ecommerce business.

But many businesses require features that Volusion doesn't offer out of the box. We can help you customize your store with these and other custom functionalities:

- Advanced search and filters
- QuickBooks integration
- Custom payment integrations
- Custom monograms and swatches
- Shipping integrations: DHL, Freightquote, UPS Surepost
- Microsoft RMS Integration
- API Integrations
- Inventory Integrations
- Currency and Payment Gateway Integrations
- Custom Checkout
- Customized Smart Match ... Parent / Child Functionality

THIRD PARTY INTEGRATIONS

Amazon | Google Shopping | eBay

Amazon, Google and eBay are three of our favorite third party tools because they have the potential to generate millions of dollars in revenue.

But integrating with these systems can be complex — active inventories, thousands of products and even more product options complicate the process.

Not to worry! We've done our homework and know exactly which systems to put in place to transform you into a power seller.

We can also improve how you fulfill orders — ship more packages with less staff, decrease your margin of error and optimize your warehouse operations.

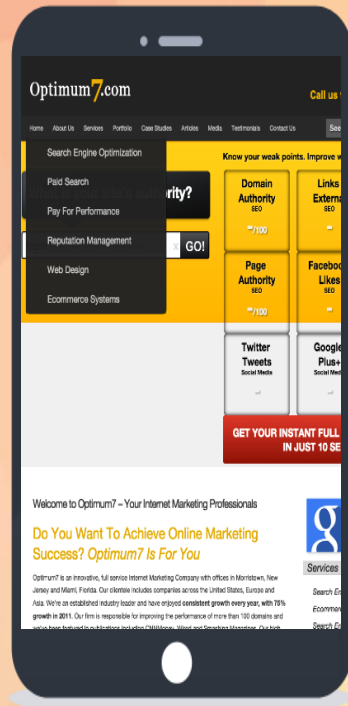

WEB DESIGN

AN OPTIMUM7 SERVICE

WEB DESIGN

intuitive + functional + effective

First impressions matter.

94% of first impressions are design related. Our designers make it easy for people to trust you — and buy from you! We give your site structure, visual appeal and intuitive navigation.

Unique Design

Stand out from the competition. Communicate the essence of your brand in seconds.

Responsive Layout

Adapt the view of your website to suit the device your customers are using to access it.

User Friendly

Make it easy for people to find the information they need. They'll be more likely to buy.

SEO Optimized

Let search engines know what your website is about so you can rank in relevant results.

RESPONSIVE DESIGN

the perfect view on any device

Responsive web pages
automatically adjust to any screen size

and reorder content based on the device. It's all about anticipating and meeting the needs of your users. People don't have time to resize pages, scroll both up-down and left-right or wait around for content and images to load. They want to come to a website that speaks directly to their needs. Responsive design helps you do this.

Mobile-friendly websites
rank better in search results, says Google.

The company's goal is to always provide people with the best search experience possible. And with so many people accessing the web from mobile devices, Google has updated their algorithm to favor responsive sites. Responsive design is no longer a choice. If you want to stay competitive, you've got to adapt.

SOCIAL MEDIA

AN OPTIMUM7 SERVICE

SOCIAL MEDIA

THINK YOU DON'T **NEED SOCIAL MEDIA?**

- **72%** of people on the internet are active on social media
- **71%** access their preferred platform through a mobile device
- **46%** rely on social media to make a purchase decision

Think Again. People are becoming more selective about the brands they choose and expect some level of engagement on social media. If you listen, customers can give you serious insight into how your brand, products and services are perceived.

Tap into the conversation that surrounds and shapes your brand. We'll help you discover where people are talking about you, highlight opportunities to improve brand awareness and engagement while generating qualified leads.

BUSINESS & TECHNOLOGY CONSULTATION

AN OPTIMUM7 SERVICE

IMAGINE TELLING SOMEONE WHAT'S WRONG OR BROKEN IN YOUR BUSINESS...

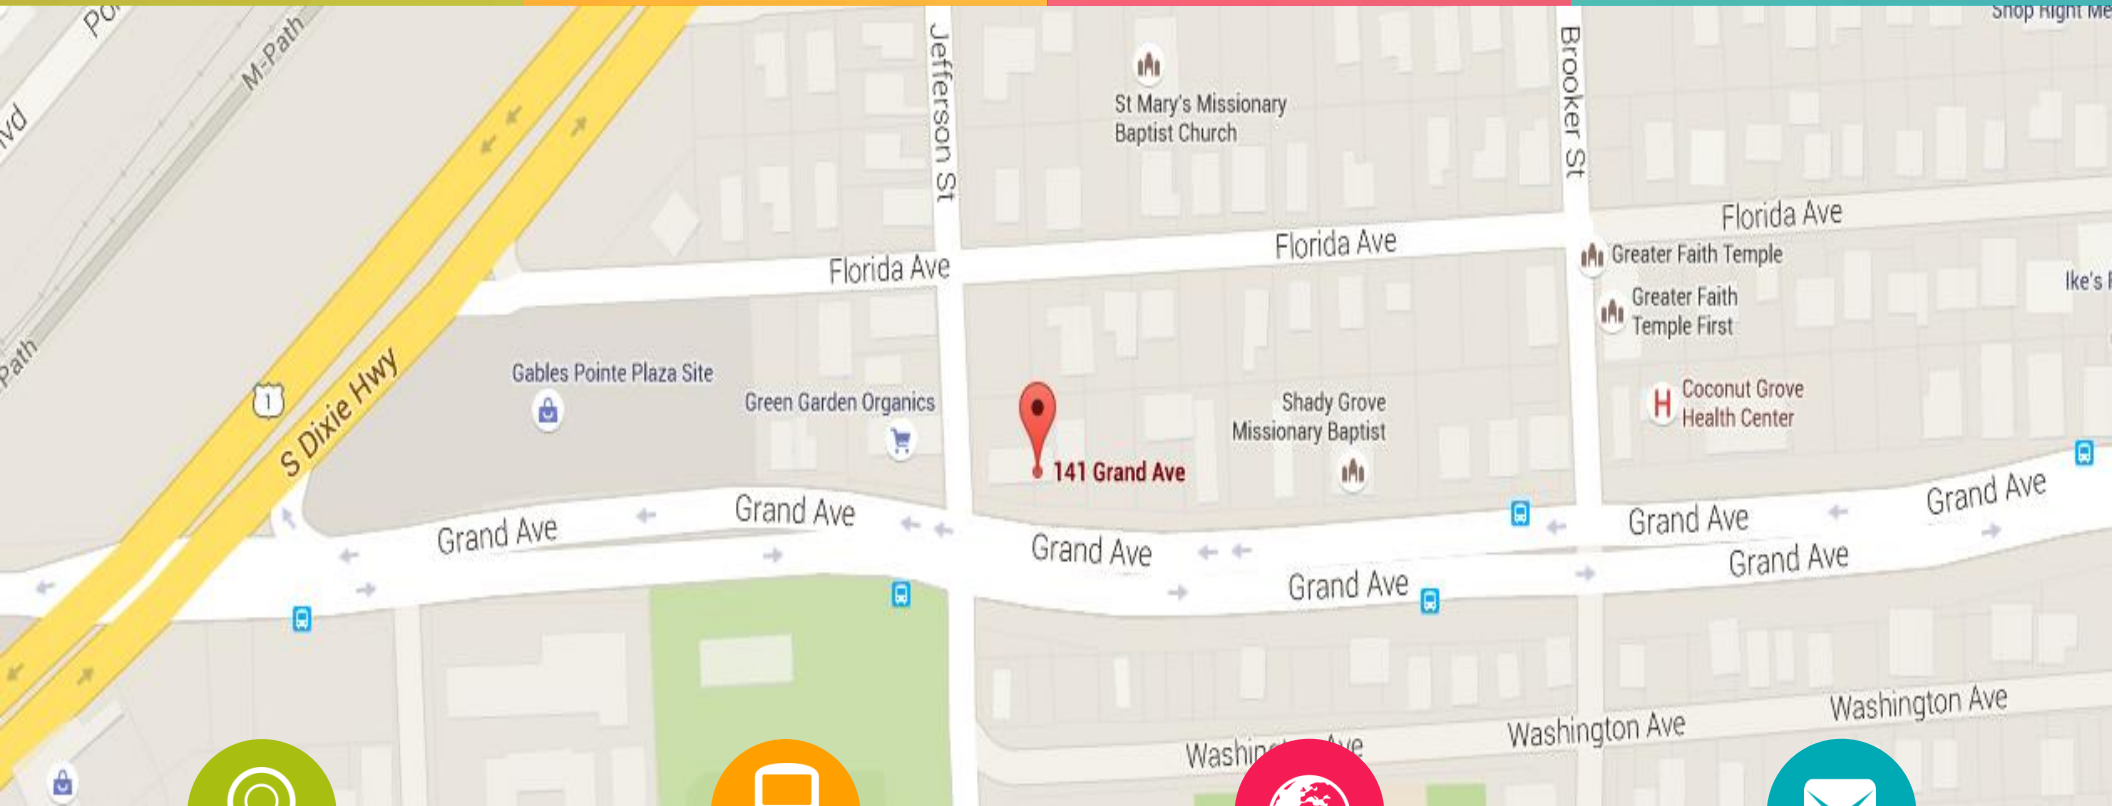

These issues could be related to staffing, operations, shipping, inventory, technology, suppliers, multiple locations, legal — the sky's the limit. Now imagine that someone is **an expert who can find solutions to your problems** using the latest technology. This technology could be new software, an integration, updated processes, procedures or even legal documentation.

That's what it's like when you consult Optimum7. We've worked with different sized businesses in a variety of industries since 2007. Every process, strategy and system we use has been tried and tested for performance and success. We know what works and what doesn't.

Even if we can't solve every last problem, we promise we can make running your business less of a headache while improving your efficiency and profitability. ***Give us 30 minutes and we'll show you exactly how we can improve your business.***
